APPENDIX A - BASEBALL PLAYING RULES

TEE BALL

- No new inning will begin after 45 minutes.
- A continuous batting order will be used, i.e. all batters bat every inning.
- All players will play defense every inning.
- Encourage your players to complete a play; however, runners advancing to a base will not be sent to the dugout even if they are technically out.
- Runners will advance only one base per batter, except with the last batter where all base runners will advance to home plate, thus ending the inning.

These are not rules, but suggestions.

- Every other inning re-position your players so they do not play the same position the entire game. Players should have a chance to play all positions some time during the season.
- Vary your batting order every game. Give all kids a chance to bat first and to bat last. The kids seem to enjoy batting last the best because they get a chance to run around the bases without stopping.
- Please encourage your ball players to learn the basics of baseball: Hit, Throw, Catch, Run Bases. This is the beginning of the basics where kids need to learn.

COACH PITCH BASEBALL

- All teams must have appropriate baseball and safety equipment
- Please have medical release forms on hand at practices and games. Keep them in the equipment bags if possible.
- All games are 2 innings to be played within 60 minutes. Extra play can be negotiated between managers if time permits for a 3rd inning. However, once your designated time allotment for the field is up, you must vacate to allow other teams to follow at their scheduled times.
- All players on team will bat each inning.
- Last batter will run all the bases (like a homerun).
- For the first 3 games, there are no “outs” as all players will bat. After the 3rd game, players will be taught what it means to be out and will return to the dugout. **All players will continue to bat no matter how many outs are made.** The intent is to begin teaching some of the rules of baseball/softball with the players.
- There is no score kept for these games.
- 5 pitches per player from one of their coaches. Some discretion can be made with a potential weaker hitter but both managers need to clarify with each other on this (i.e. no more than 7-10 for instance). This has not been a problem in the past.
- Coaches will pitch from a minimum of 20 feet using an overhand motion.
- All players to advance to first regardless if they hit or not hit for the first 3 games. All games after, the players will be considered out and return to the dugout.
- No official umpires. At the point during the season when outs will be called, the batting team will have their coaches call the out.
- Batters will advance bases until a player on the infield has the ball in possession. The batter will not advance on an errant throw to a base.
- Visiting team will bat first.

Please keep in mind these kids are young and impressionable. We hope they all come out and have fun. We really hope you as coaches will make it an enjoyable and memorable experience for both the kids and family members.

- Any player on a regular season team may pitch. (**NOTE:** There is no limit to the number of pitchers a team may use in a game.)
- A pitcher once removed from the mound cannot return as a pitcher.
- The manager must remove the pitcher when said pitcher reaches the limit for his/her age group as noted below, but the pitcher may remain in the game at another position.
- Any pitcher with 40 or fewer pitches in the game may play catcher after pitching. If they reach 40, they can finish the batter and still be able to catch.
- Any player who plays catcher in more than 3 innings is not eligible to pitch for that day.

LEAGUE AGE PITCH LIMITS:

- 15 – 16, 95 pitches per day
- 13 – 14, 95 pitches per day
- 11 – 12, 85 pitches per day
- 9 – 10, 75 pitches per day
- 7 – 8, 50 pitches per day

SENIOR LEAGUE

g) The pitch count recorder must provide the current pitch count for any pitcher when requested by either manager or any umpire. However, the manager is responsible for knowing when his/her pitcher must be removed.

h) The official pitch count recorder should inform the umpire-in-chief when a pitcher has delivered his/her maximum limit of pitches for the game. The umpire-in-chief will inform the pitcher's manager that the pitcher must be removed. However, the

failure by the pitch count recorder to notify the umpire-in-chief, and/or the failure of the umpire-in-chief to notify the manager, does not relieve the manager of his/her responsibility to remove a pitcher when that pitcher is no longer eligible.

j) A player may not pitch in more than one game in a day.

- Pitches delivered in games declared "Regulation Tie Games" or "Suspended Games" shall be charged against pitcher's eligibility.
- In suspended games resumed on another day, the pitchers of record at the time the game was halted may continue to pitch to the extent of their eligibility for that day, provided said pitcher has observed the required days of rest.
